

Bryan Silas and Team Fox Pair Up For A Good Cause

(Harrisburg, NC - 6/8/09) - Bryan Silas heads to Michigan with more than hopes of improving on his 15th place finish at Pocono, he is spreading awareness of Parkinson's disease. Bryan's number 11 car has a new partner for the Racing for Wildlife 200 at Michigan International Speedway. Team Fox is the Michael J. Fox foundation's program that is dedicated to spreading awareness of Parkinson's disease and raising money for Parkinson's research. "We are really happy that Team Fox has come on board this weekend. I hope we can get them some more exposure so we can come closer to a cure for Parkinson's disease." -Bryan Silas

Bryan hopes his new partner will bring him some luck in improving on his 21st place finish in last year's race at Michigan International Speedway. Bryan was 8th fastest in open testing two weeks ago and crew chief Cal Boprey feels that they can be a top contender for Friday's race.

"I am confident heading to Michigan this week. We were really good at the test, we didn't make a qualifying run, but we still ended up 8th on the charts. The team built a great car and I know we can continue our outstanding season." -Bryan Silas

Nason, Yeager, Gerson, White & Lioce P.A., Holland Pump, Oasis Outsourcing, Palm Beach Grading (PBG) and Rockingham Speedway will be sponsoring Bryan's car this weekend.

The Racing for Wildlife 200 starts at 5:00 pm eastern time with live coverage on the SPEED channel. The race consists of 200 miles/ 100 laps. ARCA will broadcast the race live on the ARCA racing network at www.arcaracing.com.
